### **[FAQ]**

#### **Q1 - What does the config "bBadassPat" imply?**

1. The config changes the appearance of the Patriarch to either spawn with the Badass or default appearance.

If desired you can also enable the bomb feature which is an extra challenge on the Smart Patriarch by setting "bBadassPat" to true. It adds another layer of self-protection when players are close, but is only very rarely used.

---
